Announcing...

The Longfellow Math Team!

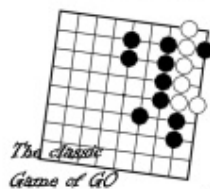

Wednesdays starting September 14

2:05-3:40 in Room 113 (Ms. Warburton's Room)

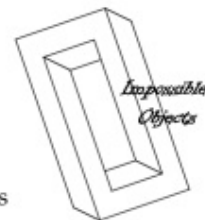

Dear students, teachers & parents,

Math Team is happening again at Longfellow this year! We'll have mind-bending puzzles, cool strategy games, 3-D geometric constructions, eye-catching math art, and new stuff from the National Math Club.

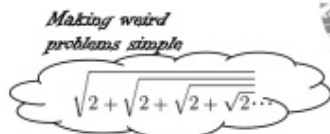

Members will practice strategies for solving Problems-Of-the-Week, test themselves in Continental Math League competitions and collaborate on math-linked projects with others who enjoy mind-stretching challenges. Math Team will provide academic enrichment and a taste of the many ways in which, as Galileo once said, the "mathematics is language of the universe."

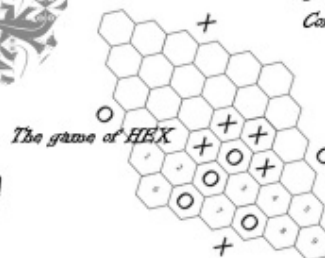

Math Team is open to any 6th, 7th or 8th grader. All that's required is an interest in exploring math and logic, plus a willingness to venture out of one's comfort zone in problem-solving. Math Team has a long history at Longfellow – 10 years! We welcome new members to help extend that tradition to an 11th year! Meetings will be held in room 113 every Wednesday right after school from 2:05 -3:40, starting with the kick-off session September 13. Join us!

Bruce Jackson – *Dr. J*
